Highway Care, Denne Court, Hengist Field
Borden, UK

Subject: Notification of Product Status
NP20-8707 HighwayGuard and HighwayGuard LDS
By: Highway Care Ltd

Dear Alex Marsh:

The North Carolina Department of Transportation evaluated the forenamed product and assigned a status of "**Approved**" to **NP20-8707** HighwayGuard and HighwayGuard LDS (WZTC – Category III) on the Department's Approved Products List ([APL](#)).

An approved status does not infer the product will be used in NCDOT projects or that the products will be actively promoted by the Department. It will be your responsibility to market your product. If the product is changed for any reason, or is not performing effectively, the product status will be changed accordingly. This letter does not satisfy material certification requirements for products specified in NCDOT's Standard Specifications.

Additionally, beginning in 2022, you must recertify your product on an annual basis by the 31st of January. If a recertification is not received by January 31st, the product will be removed from the Department's Approved Products List ([APL](#)). Recertification Notices with detailed requirements will be sent out in December of each year. If at any time, contact information has changed, you must inform this office.

Please do not hesitate to inform us of any other products that may benefit the Department. If you have questions or comments, I may be reached at 919-707-6680 or via e-mail at: productevaluation@ncdot.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "D. Snoke".

Daniel Snoke, PE
